Technical Specifications
8 FT 4.3 Yard Sander Spreader**

This specification describes the requirements for an 8 FT 4.3 Yard Sander Spreader. The unit must be safe and efficient to operate and built strong and durable enough for heavy-duty operation over extended periods of time in a municipal setting. All standard equipment as shown in the manufacturer's printed literature must be included in the bid, plus any modifications to meet OSHA federal and state regulations in all respects. The unit must be new and of the manufacturer's current model year in production at the time of delivery, and not a model to be phased out of production. It is stressed that what follows are minimum specifications and while they mention only the salient descriptive points of the unit, they do not exclude any major or minor items not specifically mentioned, but which would normally and reasonably be necessary for proper, safe, efficient, and beneficial use and ownership.

Bidding instructions:

- A. Each technical item of these specifications shall be individually annotated by the bidder in the first column provided on the sheet with one of the following statements:
 - 1. meets
 - 2. exceeds
 - 3. does not meet
 - 4. not applicable
- B. If any item is marked "exceeds", "does not meet", or "not applicable", details must be given in the second column provided, along with each entry describing what exactly is being bid.
- C. The individual cost of each item of the specifications must also be annotated if its cost has not been included in the basic bid price.
- D. Complete printed literature, publications, and photograph of the unit proposed must be included with each bid.

The vendor will please indicate the make, model, year and type of Sander offered:

The vendor will please indicate the location (country) where the Sander offered was originally manufactured:

Sander will be installed in a 10-foot bed that is 36 inches high.

**Bid Proposal Form
Road & Bridge Department
8FT 4.3 Yard Sander Spreader**

The signer of this proposal declares and agrees:

They have received and examined the bid specifications and are cognizant of the equipment requirements.

If this proposal is accepted, the bidder will contract to furnish and deliver the required equipment as specified.

They have the capability and will provide such adjustments and repair as may be required under the manufacturer's warranty.

That the bid price is for equipment complete as specified, delivered F.O.B. Craig Colorado.

That the City of Craig reserves the right to reject any or all bids, re-bid or negotiate any bid, and to determine what piece of equipment is the proper one for the City, and not necessarily low bid.
