Summit County Snake River WWTP Request For Proposals Sewer Line Cleaning & CCTV Inspection

The Snake River Wastewater Treatment Plant, an Enterprise Fund of Summit County Government, is currently soliciting proposals to provide sewer line cleaning and video inspection services for its entire collection system over a four-year period. These services are to include regularly scheduled annual maintenance of 60,000 to 70,000 feet of sewer main and on-call emergency maintenance, which will require the successful bidder's business location to be within a 150 mile radius of Dillon, CO. The annual maintenance portion of the contract is expected to begin on or before June 1, 2026 and must be completed within 120 days from start date. A full Request for Proposals and description of the work to be provided can be obtained at www.co.summit.co.us/Bids.aspx. Submit questions regarding the proposals to josh.johnson@summitcountyco.gov.

All bids must be titled "Snake River Wastewater Utility- Proposal for: Sewer Line Cleaning & CCTV Inspection" and shall be electronically submitted to josh.johnson@summitcountyco.gov and kirsten.norman@summitcountyco.gov or by a sealed, hardcopy delivery mailed to the attention of Josh Johnson at: Snake River WWTP 4344 Swan Mountain Road Dillon, CO 80435 by 2:00 pm Thursday March 5, 2026. Proposals received after 2:00pm, will NOT be accepted.

At said time and place, all accepted proposals that have been duly received will be publicly opened and read aloud. The Contract will be awarded to the lowest responsible bidder who best meets the requirements of Summit County and the public interest.

Summit County Board of County Commissioners reserves the right to reject any or all proposals, to waive irregularities or informalities, and to conduct such investigations or negotiations as it deems necessary to select the most responsible and responsive proposal.
