No award will be made above the available budget or at a price that can't be determined to be fair and reasonable. The Government will evaluate quotes submitted in response to this solicitation in accordance with the factors listed below. The contractor must demonstrate qualifications and experience of the specific key personnel (supervisor and/or foreman) to provide these services.

In lieu of prior recent and relevant experience with commercial, municipal, state, or federal agencies, the contractor may submit a detailed business plan that includes: operating costs (including labor, equipment, and supplies); staff (positions, expertise/qualifications and training plus recruitment of any subcontractors); funding sources (including initial capital and any partnerships or other funding sources); and a description of their motor vehicle fleet, if applicable. This business plan must also address the requirements for operating a commercial business and include a business license, insurance, articles of incorporation and any other applicable requirements.

Past performance will be graded upon the information provided in the proposal and any information contained or referenced in Government data bases, e.g., www.SAM.gov, CPARS Integrity and FPDS-NG.

3. Price: Prices will be revealed to the Evaluation team after other factors are graded and will be the deciding factor among similarly graded offers.

The Government reserves the right to hold discussions.

(Contracting Officer shall insert the significant evaluation factors, such as (i) technical capability of the item offered to meet the Government requirement; (ii) price; (iii) past performance (see FAR 15.304); and include them in the relative order of importance of the evaluation factors, such as in descending order of importance.)

Technical and past performance, when combined, are more important than price (Contracting Officer state, in accordance with FAR 15.304, the relative importance of all other evaluation factors, when combined, when compared to price.)

(b) *Options*. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.
