Measurements and quantities listed are estimates. Bidders are responsible for field verifying all measurements and quantities.

A traffic control plan (TCP) compliant with the MUTCD and approved by the Town will be required prior to commencement of work. All work areas will be required to maintain one lane of traffic at all times, with flag persons at either end of the work zone and other locations, as needed. A certified traffic control supervisor (TCS) in responsible charge shall be onsite during all work times. During non-work hours, roads shall be opened up to normal, two-way traffic. Access to existing driveways shall be accommodated at all times during and after work activities.

Completion Date / Other Details

All work must be completed by Sep 30th, 2026. Asphalt paving payment will be made in square feet (units) upon completion of the work and after inspection and acceptance by Silverthorne.

All work shall be subject to a one (1) year warranty.

Bidder must also meet the Town's insurance requirements prior to contract award.

The Town's contract forms will be used for these projects.

Bid Details / Questions

Please submit asphalt paving bid(s) in "square feet" unit amounts. Bid amounts shall include total costs – including but not limited to mobilization, labor, materials, disposals, traffic control and all others.
