SUBJECT: **ADDENDUM #1 NOTICE**

Let this memorandum serve as a notice of updated information regarding the “**NTUA Pumphouse Construction Hunter’s Point Well #3**”.

As originally stated in the RFP document, below are questions collected from interested firms in this Request for Proposal (RFP) with NTUA response as follows:

1. When does the NTUA expect the project to be completed?
Answer: August 30, 2026
2. Will a Bid Bond be required?
Answer: Yes
3. Will Payment & Performance Bonds be required?
Answer: Yes
4. The bid package included ONLR Wage Decision ONLR26-0766B; however, on page 2 of 2, the language states “*Where Federal Funds are involved, the Davis-Bacon rates apply*”. If ARPA funds are involved in the construction of this project, is there a Davis-Bacon Wage Decision that should apply? If so, can it be provided?
Answer: For ARPA funds Navajo Nation ONLR26-0766B is the only one needed.
5. It is understood that the contractor is to procure the well equipment and provide it to the NTUA for installation. Will the NTUA also install the pitless adapter, or will the contractor need to facilitate its’ installation?
Answer: Yes, that is correct. NTUA Well crew will install well equipment and pitless adapter. Contractor will procure the equipment and provide to NTUA for installation.
