## 1. PROJECT DESCRIPTION

To advance EO 14225, Immediate Expansion of American Timber Production, and the USDA's National Active Forest Management Strategy, the Arapaho and Roosevelt National Forests shall utilize Stewardship Authority delegated to the USFS to award an Integrated Resource Service Contract to reduce hazardous fuels in the Wildland Urban Interface.

Description of Work- Cut and remove all Live/ Dead Lodgepole pine and Dead Engelmann Spruce Sawtimber and non-sawtimber. This includes falling Live/Dead trees, skidding, processing, loading, hauling, opening/closing temporary roads, and road maintenance in addition to performing approximately 43 acres of mastication of young advanced Lodgepole regeneration.

Resulting Contract – This BPA call will be issued against the Rocky Mountain Restoration Project BPA when ordered by warranted contracting personnel. The resultant contract will be a commercial services contract with requirements for timber removal.

Project Location- The Moose Run IRSC project area is located approximately 2 miles WSW of Fraser, CO within the Fraser Experimental Forest. The legal description is Township 1S., Range 76W., Sections 26 and 27, Grand County, CO. See contract area map for unit locations; units are marked only by a digital geofence boundary.

To access the project area: Turn South onto Grand County Rd. 72 from US Highway 40. After ¼ mile, continue West along Fraser Valley Parkway, then turn West onto St. Louis Creek Road. Continue along St. Louis Creek Road, passing the Arapaho and Roosevelt National Forests boundary and turning North and then West onto Forest Service Road 160.1C.

Under this contract, “Contractor’s Operations” shall include activities of or use of equipment of Contractor, Contractor’s employees, agents, Subcontractors, or their employees or agents, acting in the course of their employment in operations hereunder on National Forest lands or within Forest Service protection boundary (unless acting under the immediate supervision of Forest Service).

Contractor’s Operations shall be conducted in a workmanlike and orderly manner. The timing of required Forest Service designation of work on the ground and the performance of other Forest Service work shall not be such as to cause unnecessary delay to Contractor.

Authority- The Forest Service is executing this procurement under the stewardship contracting authority provided under Section 8205 of Public Law 113-79, the Agricultural Act of 2014 as amended under Section 204 & 207 of the Consolidated Appropriations Act (Omnibus Bill 2018). Stewardship authority grants the Forest Service Chief or designee the authority to aggregate contractual requirements into stewardship projects.

## 2. SCHEDULE OF ITEMS:

### MANDATORY WORK ACTIVITIES:

| ITEM NO.                          | DESCRIPTION OF MANDATORY WORK ACTIVITIES | UNIT | ESTIMATED QUANTITY | UNIT PRICE | TOTAL PRICE |
|-----------------------------------|------------------------------------------|------|--------------------|------------|-------------|
| 1                                 | Cut and Remove Included Timber           | Acre | 53                 | \$         | \$          |
| 2                                 | Mastication                              | Acre | 43                 | \$         | \$          |
| Total All Mandatory Service Items |                                          |      |                    |            | \$          |

### TIMBER/PRODUCT REMOVAL PRICE SCHEDULE:

| SPECIES                     | PRODUCT | ESTIMATED QUANTITY | UNIT OF MEASURE | MINIMUM ACCEPTABLE OFFER | OFFER (FLAT) | TOTAL OFFER |
|-----------------------------|---------|--------------------|-----------------|--------------------------|--------------|-------------|
| Lodgepole and Other Conifer | All     | 433                | CCF             | \$0.25                   | \$           | \$          |
| Total – All Products        |         |                    |                 |                          |              | \$          |

### Schedule Notes

Notes: These schedules are for pricing/payment purposes. Refer to Section 24, Instructions to Offerors for business proposal requirements. Evaluation criteria used by the Forest Service for proposals is in Section 25 of this solicitation.

Price Proposals MUST be provided on ALL Items in Schedules: Mandatory Work and Optional Work Activities and Timber or other products Removal Price Schedule. Unit prices prevail.

Appendix B, C2.30# - All unit boundaries are designated by Geo-Fence as provided in the shapefile named MooseRunIRSC\_UnitsMaster.zip which will be provided to the Contractor by the Forest Service. A Geo-Fence is a location on the ground corresponding to the boundary location shown on a mobile mapping device using a Global Positioning System (GPS) Receiver. A digital list of the coordinates can be provided upon request. Contractor must furnish equipment capable of achieving contract specifications and tolerances as described in Appendix B. Included Timber is located within and not past the boundary as shown on the mobile mapping device using the digital vector file/shapefile listed above. Contractor is responsible for obtaining a GPS receiver(s) that is capable of determining the location of the true Geo-Fence within the contract tolerance. Allowable contract tolerance is 30 feet.

This contract will be scaled using a load count method. Volume removed from this contract area shall be paid for at rates listed in A4. See Appendix B, C6.825# for specifications.

A site visit is scheduled for **Monday, June 8, 2026** to view the project area and discuss the objectives of this contract. The meeting will take place at **12:00 pm** local time at the Fraser Valley Sports Complex, 220 County Rd 522, Fraser, CO 80442. **RSVP TO Seth Jennings by 4 pm 6/5/2026 at [seth.jennings@usda.gov](mailto:seth.jennings@usda.gov) or 970-531-5720.**

**PERIOD OF PERFORMANCE IS FROM DATE OF AWARD THROUGH January 31, 2028**

### **3. LAND MANAGEMENT ACTIVITIES.**

Performance of land management activities shall be in accordance with Project Description and Work Specifications. Payment for Land Management Work Activities in **Schedule of Items** will be made in Stewardship Credits and Appropriated Funds.

All Base Work Activities (Mandatory) shall be performed. Optional activities are listed in order of planned priority. Award may be made for optional items in any order that the Contracting Officer determines is in the best interest of the Government.

### **4. FAR 52.212-4 CONTRACT TERMS AND CONDITIONS - COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (NOV 2023)**

See parent BPA for full clause text and associated addenda.

### **5. SPECIFICATIONS**

General specifications for each Contract Activity individually described by an item number in the Schedule of Items can be found in Appendix A. Specifications for timber removal are found in Appendix B and associated road maintenance plans and specifications are insounds go Appendix C for Stewardship related projects. Projects that include road construction and/or reconstruction may include Appendix D.

### **6. FAR 52.211-10 COMMENCEMENT, PROSECUTION, AND COMPLETION OF WORK (APR 1984)**

The Contractor shall be required to (a) commence work under this contract within **10 calendar days** after receipt of Notice to Proceed or Order for specific work items, (b) prosecute the work diligently, and (c) complete the entire work ready for use not later than **January 31, 2028**. The time stated for completion shall include final cleanup of the premises.

Except as this contract otherwise provides, the Government shall order all services within the scope that are required by Government activities specified in the Schedule only with the vendor holding this contract for the specified services. Timber Removal activities shall be scheduled and carried out in accordance with the Timber Removal Specifications in Appendix B or C and as approved by the Contracting Officer.

### **7. FOREST PRODUCT APPRAISAL METHODOLOGY**

Minimum acceptable offer rates for Timber and Product removal were determined using standard Forest Service appraisal methodologies.

### **8. TIMBER PRODUCT VOLUME ESTIMATION**

Quantities listed in Timber/Product removal schedules are estimates only. Volume quantities are made available with the understanding that values shown are Forest Service estimates and are not guaranteed. Contractors are urged to examine the contract areas and make their own estimates.

### **9. PERIOD OF PERFORMANCE**

The period of performance of this contract is from **date of award** through **January 31, 2028**

## 10. CONTRACT OPERATIONS SCHEDULE

Contractor shall, before commencing operations, provide in writing an annual Operating Schedule of anticipated major activities and needs for logging Included Timber and completing stewardship projects, such as logging, road maintenance, and construction. Upon reasonable notice to Forest Service, such schedule shall be subject to modifications necessitated by weather, markets, or other unpredictable circumstances.

Contractor's Operations may be conducted outside Normal Operating Season. "Normal Operating Season" is the period(s) beginning and ending on the dates stated below.

| Timeframe            |
|----------------------|
| July 1 – November 15 |

## 11. POST AWARD CONFERENCE

A post award conference with the successful offeror is required. It will be scheduled within 10 days after the date of contract award. The conference will be held at **Sulphur Ranger District, 9 Ten Mile Drive, Granby, CO 8044**

## 12. AGAR 452.203-71 ANTI-DISCRIMINATION AND DIVERSITY, EQUITY, AND INCLUSION (DEI) COMPLIANCE (MAY 2026)

(a) By entering into this contract, the contractor certifies that:

1. It is compliant with all applicable Federal anti-discrimination laws and the Equal Protection principles of the U.S. Constitution, and it will remain compliant for the duration of the contract.
2. Neither it nor any subcontractor or teaming partner operates or funds any program, policy, or initiative that promotes DEI in a manner that violates any applicable Federal anti-discrimination laws, including but not limited to Title VI and VII of the Civil Rights Act of 1964, or the Equal Protection principles of the U.S. Constitution, and the contractor and any subcontractor or teaming partner will not do so for the duration of the contract.

(b) If the contractor participates in, facilitates, or funds programs that implicate Title VI of the Civil Rights Act of 1964 or Title IX of the Education Amendments of 1972, as amended, including but not limited to grants to or for schools, colleges, universities, 4-H programs, non-governmental organization (NGO) programs, sports programs, and education-related grants to prisons or other

detention facilities, the contractor certifies that it will remain compliant with those laws, including the requirements set forth in Executive Order 14168, Defending Women from Gender Ideology Extremism and Restoring Biological Truth to the Federal Government, and Executive Order 14173, Ending Illegal Discrimination and Restoring Merit-Based Opportunity.

(c) The contractor affirms that the above requirements are conditions of payment that go to the essence of the contract and are therefore material terms of the contract. Payments under the contract are predicated on compliance with the above requirements, and therefore the contractor is not eligible for funding under the contract or to retain any funding under the contract absent compliance with the above requirements.

(d) This certification reflects a change in the Government's position regarding the materiality of the foregoing requirements and therefore any prior payment of similar claims does not reflect the materiality of the foregoing requirements to this contract.

(e) Submission of a knowing false statement relating to contractor's compliance with the above requirements and/or eligibility for the contract may subject the contractor to liability under the False Claims Act, 31 U.S.C. § 3729, and/or criminal liability, including under 18 U.S.C. §§ 287 and 1001.

(f) The contractor must include the provisions of this clause in all subcontract solicitations.

(g) Failure on the part of the contractor or its subcontractors to comply with the terms of this clause may be grounds for the Contracting Officer to terminate this contract for default.

(a) By entering into this contract, the contractor certifies that:

1. It is compliant with all applicable Federal anti-discrimination laws and the Equal Protection principles of the U.S. Constitution, and it will remain compliant for the duration of the contract.
2. Neither it nor any subcontractor or teaming partner operates or funds any program, policy, or initiative that promotes DEI in a manner that violates any applicable Federal anti-discrimination laws, including but not limited to Title VI and VII of the Civil Rights Act of 1964, or the Equal Protection principles of the U.S. Constitution, and the contractor and any subcontractor or teaming partner will not do so for the duration of the contract.

(b) If the contractor participates in, facilitates, or funds programs that implicate Title VI of the Civil Rights Act of 1964 or Title IX of the Education Amendments of 1972, as amended, including but not limited to grants to or for schools, colleges, universities, 4-H programs, non-governmental organization (NGO) programs, sports programs, and education-related grants to prisons or other

detention facilities, the contractor certifies that it will remain compliant with those laws, including the requirements set forth in Executive Order 14168, Defending Women from Gender Ideology Extremism and Restoring Biological Truth to the Federal Government, and Executive Order 14173, Ending Illegal Discrimination and Restoring Merit-Based Opportunity.

(c) The contractor affirms that the above requirements are conditions of payment that go to the essence of the contract and are therefore material terms of the contract. Payments under the contract are predicated on compliance with the above requirements, and therefore the contractor is not eligible for funding under the contract or to retain any funding under the contract absent compliance with the above requirements.

(d) This certification reflects a change in the Government's position regarding the materiality of the foregoing requirements and therefore any prior payment of similar claims does not reflect the materiality of the foregoing requirements to this contract.

(e) Submission of a knowing false statement relating to contractor's compliance with the above requirements and/or eligibility for the contract may subject the contractor to liability under the False Claims Act, 31 U.S.C. § 3729, and/or criminal liability, including under 18 U.S.C. §§ 287 and 1001.

(f) The contractor must include the provisions of this clause in all subcontract solicitations.

(g) Failure on the part of the contractor or its subcontractors to comply with the terms of this clause may be grounds for the Contracting Officer to terminate this contract for default.

(End of Clause)

### **13. AGAR 452.203-72 UNENFORCEABLE SUPPLIER TERMS (APR 2026)**

(a) Definitions.

Supplier terms mean provisions customarily drafted by vendors of supplies or services and intended to create a binding legal obligation on the end user. The term applies:

1. Regardless of the format or style of the document. For example, supplier terms may appear in standard terms of sale or lease, Terms of Service (TOS), End User License Agreement (EULA), or another similar legal instrument or agreement, and may be presented as part of a proposal or quotation responding to a solicitation for a contract or order or otherwise become effective after the contract date.
2. Regardless of the media or delivery mechanism used. For example, supplier terms may be presented as one or more paper documents or may appear on a computer or other electronic device screen during a purchase, software installation, other product delivery, registration for a service, or another transaction.

(b) Applicability. When any supply or service acquired under this contract is subject to supplier terms, the supplier terms are deemed part of the contract only to the extent they are consistent with this clause. Supplier terms that conflict with any part of this clause, the contract, or Federal law are void and will not be considered incorporated into a contract, even if they are physically present in a contract documentation or systems. In the event of any inconsistency between supplier terms and this contract, this clause and the terms of the Government contract shall govern and supersede any supplier terms in all cases.

(c) Authorization Required. Notwithstanding any other provision, no supplier terms shall be binding on the Government unless the term is expressly authorized on the USDA Supplier Terms Authorization Form signed by the Contracting Officer, and the completed Authorization Form has been incorporated into the contract.

(d) Unenforceable Terms. Any supplier terms that impose obligations or restrictions inconsistent with applicable Federal law are unenforceable against the Government and deemed stricken from the agreement. This includes, but is not limited to, any clause that:

1. Requires the Government to pay future fees, penalties, interest, legal costs, early-termination fees, cancellation fees, minimum purchase commitments, true-up payments, seat-count minimums, usage minimums, continued-use charges, or any other financial obligation not expressly authorized by the contract.
2. Requires the Government to indemnify the contractor or any other entity.
3. Restricts the Government's ability to obtain similar supplies or services from another source.
4. Imposes any penalty, financial or otherwise, based on the Government's decision not to exercise an option.
5. Subjects the United States Government to the laws of any U.S. state, territory, district, municipality, or foreign nation, except where Federal law expressly permits such application.
6. Requires dispute resolution in a forum or venue other than one prescribed by applicable Federal law.
7. Establishes a period of limitations for bringing an action that differs from that provided by applicable Federal law.
8. Grants the contractor rights to use, mine, access, aggregate, analyze, or otherwise exploit Government data, usage data, or metadata.
9. Deems the Government to have accepted initial or revised terms based on silence, continued performance, or failure to object.
10. Grants the supplier the right to audit Government facilities, systems, records, or use of the product or service, except as expressly authorized by the contract and applicable Federal law.
11. Requires the Government to accept supplier security requirements, network access requirements, monitoring, penetration testing, or other technical or security measures.
12. Permits the supplier to suspend, degrade, or terminate access to products or services based on alleged non-payment, alleged breach, automated security triggers.
13. Limits the Government's right to use, install, access, test, evaluate, or transfer the licensed product or service in any manner consistent with the contract and Federal law.
14. Requires the Government to store, process, maintain, or transmit data in a particular geographic location, or permits the supplier to transfer Government data outside the United States, except as expressly authorized by applicable Federal law.
15. Authorizes the supplier to use the Government's name, seal, trademark, logo, or any reference to the Government as an end user or customer for marketing, publicity, promotional activities, press releases, or similar purposes.
16. Incorporates by reference, or requires the Government to accept, terms or conditions imposed by any third party, subcontractor, or upstream service provider, unless such terms are expressly incorporated into the contract by bilateral modification.
17. Limits, conditions, or negates the contractor's performance obligations, service levels, or remedies through a supplier-provided service level agreement (SLA).
18. Uses Government data, usage data, metadata, prompts, content, or interactions to train, fine-tune, improve, or derive any artificial intelligence, machine learning, or automated decision-making model.
19. Subjects the Government to automated decision-making, automated risk scoring, automated content moderation, or any algorithmic process that may affect access, performance, or rights under the contract.
20. Utilizes artificial intelligence or algorithmic tools that produce decisions, recommendations, or outputs affecting contract performance without providing transparency, explainability, auditability, and bias-mitigation consistent with applicable Federal law and policy.
21. Profiles, tracks, or analyzes Government user behavior, preferences, communications, or interactions for personalization, marketing, or algorithmic optimization purposes.

(e) Non-binding Actions. Neither the Government nor any Government authorized end user is deemed to have consented to any term, condition, or clause by virtue of its inclusion in the supplier agreement or through the use of clickwrap, browsewrap, "I agree" mechanisms, or similar means. Execution of such mechanisms does not bind the Government or its authorized end users to any unenforceable terms.

(f) End user. The supplier agreement shall bind the ordering activity as the end user to the extent it does not conflict with the terms of this clause, but it shall not bind or impose personal liability on any Government employee or any person acting on behalf of the Government in their personal capacity.

(g) Law and disputes. The supplier agreement is governed by Federal law.

(h) Statutory exception. This clause does not apply to indemnification or any other payment by the Government that is expressly authorized by statute and specifically authorized under applicable agency regulations and procedures.

(i) Continued performance. The supplier or licensor shall not unilaterally revoke, terminate, or suspend any rights granted to the Government except as allowed by the contract. If the supplier or licensor believes the ordering activity to be in breach of the supplier agreement, it shall pursue its rights under the Contract Disputes Act or other applicable Federal statute while proceeding diligently with performance, pending final resolution of any dispute in accordance with the Disputes Clause at FAR 52.212-4(d) or FAR 52.233-1, as applicable.

(j) Arbitration. Binding arbitration shall not be used unless specifically authorized by agency guidance.

(k) Equitable or injunctive relief. Equitable or injunctive relief, including the award of attorney fees, costs, or interest, may be awarded against the United States Government only when explicitly provided by statute (e.g., the Prompt Payment Act or the Equal Access to Justice Act).

(l) Revisions to supplier agreements. Any revisions to the supplier agreement must be incorporated into the contract using a bilateral modification. Unilateral revisions are not binding on the Government.

(m) No automatic renewals. If any license or service tied to periodic payment is provided under the supplier agreement (e.g., annual software maintenance or annual lease term), such license or service shall not renew automatically upon expiration of its current term without prior express written consent from an authorized Government representative.

(n) Indemnification. Any clause of the supplier agreement requiring the supplier or licensor to defend or indemnify the end user is amended to provide that the U.S. Department of Justice has the sole right to represent the United States in any such action, in accordance with 28 U.S.C. 516.

(o) Taxes or surcharges. Any taxes or surcharges which the supplier or licensor seeks to pass along to the Government as end user will be governed by the terms of the associated Government contract or order and must be submitted to the Contracting Officer for a determination of applicability prior to invoicing unless specifically agreed otherwise.

(p) Non-assignment. The supplier agreement may not be assigned, nor may any rights or obligations thereunder be delegated, without the Government's prior approval, except as expressly permitted by FAR 52.212-4(b) or FAR 52.232-23, as applicable.

(q) Confidential information. If the supplier agreement includes a confidentiality clause, such clause is amended to state that neither the agreement nor the contract price list, as applicable, shall be deemed "confidential information." Issues regarding release of "unit pricing" will be resolved consistent with the Freedom of Information Act. Notwithstanding anything in the supplier agreement to the contrary, the Government may retain any confidential information as required by law, regulation, or its internal document retention procedures for legal, regulatory, or compliance purposes; provided, however, that all such retained confidential information will continue to be subject to the confidentiality obligations of the supplier agreement.

(r) Conflict with Federal law. If any other language, provision, or clause of the supplier agreement conflicts or is inconsistent with Federal law or the terms and conditions of this contract, such language, provisions, or clauses will be considered null and void and will not be binding on the United States Government.

(End of Clause)

#### **14. AGAR 452.204-70 MODIFICATION FOR CONTRACT CLOSEOUT (APR 2026)**

a) If unliquidated funds in the amount of \$1000 or less remain on the contract, the Contracting Officer (Contracting Officer) may issue a unilateral modification for deobligation. The contractor will receive a copy of the modification but is not required to provide a signature. The Contracting Officer will immediately proceed with contract closeout upon completion of the period of performance, receipt and acceptance of supplies or services, and final payment.

(b) For commercial contracts not exceeding the simplified acquisition procedure threshold under FAR 12.001(c), if more than \$1,000 in unliquidated funds remain at closeout, the Contracting Officer will issue a bilateral deobligation modification. Only the modification requires the contractor's signature, though a Release of Claims may be requested. If the required documents are not returned within 60 days, the Contracting Officer will issue a unilateral modification and proceed with closeout once performance is complete, acceptance is confirmed, and final payment is made.

(c) For all other non-commercial or non-cost-reimbursement contracts, if more than \$1,000 in unliquidated funds remain at closeout, the Contracting Officer will issue a bilateral deobligation modification and a Release of Claims, both requiring contractor signature. If these documents are not returned within 120 days, the Contracting Officer will issue a unilateral modification and proceed with closeout upon completion of performance, acceptance, and final payment.

(End of Clause)

#### **15. KEY PERSONNEL**

(a) The Contractor shall assign to this contract the following key personnel:

Overall Project Manager  
Logging Supervisor

Mastication Treatment Supervisor (for non-commercial activities)

Individual Sub-Managers – Individuals supervising individual sub-contracts for work items not covered by personnel noted previously herein.

(b) During the first 90 days of performance, the Contractor shall make no substitutions of key personnel unless the substitution is necessitated by illness, death, or termination of employment. The Contractor shall notify the Contracting Officer within 15 calendar days after the occurrence of any of these events and provide the information required by paragraph (c) below. After the initial 90-day period, the Contractor shall submit the information required by paragraph (c) to the Contracting Officer at least 15 days prior to making any permanent substitutions.

(c) The Contractor shall provide a detailed explanation of the circumstances necessitating the proposed substitutions, complete resumes for the proposed substitutes, and any additional information requested by the Contracting Officer. Proposed substitutes should have comparable qualifications to those of the persons being replaced. The Contracting Officer will notify the Contractor within 15 calendar days after receipt of all required information of the decision on substitutions. The contract will be modified to reflect any approved changes of key personnel.

#### **Key Personnel- Representatives:**

Unless otherwise agreed, Contractor shall designate, in writing, a representative who is authorized to receive notices in regard to performance under this contract and take related action. In no case shall Contractor designate any representative to this contract who is currently debarred, proposed for debarment, or suspended by the Federal Government. Contractor's representative shall provide a copy of the contract to Contractor's field supervisor and persons authorized to assume responsibilities in the field supervisor's absence. Prior to initial operations and after shutdowns of 10 days or more, Contractor's representative shall notify Forest Service 2 days, excluding weekends and Federal holidays, before any operations begin on Contract Area.

Contractor's representative shall designate, in writing, a field supervisor, one of whose responsibilities shall be on-the-ground direction and supervision of Contractor's Operations. The field supervisor shall be readily available to the area of operations when operations are in progress and shall be authorized to receive notices in regard to performance under this contract and take related action. The responsibilities of the field supervisor shall include the safeguarding of National Forest resources and performance within the terms of the contract. Contractor representative will furnish Forest Service with names of persons authorized to assume responsibilities in field supervisor's absence. Such delegations may be made a part of Contractor's annual Operating Schedule.

Unless Contracting Officer designates another Forest Service representative and notifies Contractor in writing, the COR is the representative of Forest Service. Forest Service representative shall:

- (a) Receive notice in regard to performance under this contract,
- (b) Take action in relation to this contract, and
- (c) Be readily available to the area of service work activities and logging operations.

Contracting Officer shall designate other on-the-ground representatives in writing along with their specific contractual responsibilities and authority. Representatives with authority delegated in writing are the only Forest Service personnel authorized to provide notice or take related actions under the contract. Such delegation shall be made within 60 days of contract award.

## 16. NOTICES

Notices by either party as to action taken or to be taken by the other respecting this contract shall be made in writing to the other party's designated representative unless otherwise agreed.

## 17. PROTECTION MEASURES NEEDED FOR PLANTS, ANIMALS, CULTURAL RESOURCES, AND CAVE RESOURCES

Locations of known areas needing special measures for the protection of plants, animals, cultural resources, and/or cave resources are shown on Contract Area Map and/or identified on the ground. Special protection measures needed to protect such known areas are identified in Appendix B.

In addition to any special protection measures noted, Contractor has a general duty to protect all known and identified resources referenced in this Subsection from damage or removal during Contractor's operations. Discovery of additional areas, resources, or members of species needing special protection shall be promptly reported to the other party, and operations shall be delayed or interrupted at that location, if Contracting Officer determines there is risk of damage to such areas, resources, or species from continued operations.

Wheeled or track-laying equipment shall not be operated in areas identified as needing special measures for the protection of cultural resources, except on roads, landings, tractor roads, or approved skid trails. Unless agreed otherwise, trees will not be felled into such areas. Contractor may be required to backblade skid trails and other ground disturbed by Contractor's operations within such areas in lieu of required cross ditching.

**Contractor shall immediately notify Forest Service if disturbance occurs to any area identified as needing special protection measures and shall immediately halt operations in the vicinity of the disturbance until Forest Service authorizes Contractor to proceed. Contractor shall bear costs of resource evaluation and restoration to identified sites. Such payment shall not relieve Contractor from civil or criminal remedies otherwise provided by law.**

Forest Service has exercised due diligence and followed established protocols in identifying known areas needing special protection measures. Nevertheless, nothing in this provision shall be interpreted as creating any warranty that all locations and special measures for the protection of plants, animals, cultural resources, and cave resources have been described herein, elsewhere in the contract, or designated on the ground.

|----------------------------|--------------|
| N/A                        |              |

## 18. PROTECTION OF IMPROVEMENTS

So far as practicable, the Contractor shall protect all physical improvements including, but not limited to, roads, trails, ditches, fences, waterlines, and other improvements, existing in the contract area, determined to have continuing need or use, and designated on the Contract Area Map.

The Contractor shall keep all roads and trails needed for fire protection or other purposes and designated on the Contract Area Map reasonably free of equipment and products, slash, and debris resulting from the Contractor's operations. The Contractor shall make timely restoration of any such improvements damaged by

the Contractor's operations and, when directed (because of such operations) shall move such improvements if and as specified by the Forest Service.

All protected improvements will be protected from damage by the Contractor. If any protected improvements are disturbed, the Contractor shall immediately contact the COR and will be liable for the cost of repairs.

| PROTECTED IMPROVEMENTS |                                           |                                    |
|------------------------|-------------------------------------------|------------------------------------|
| IMPROVEMENT            | DESCRIPTION                               | LOCATION                           |
| Roads                  | All Roads (including associated features) | As identified on Contract Area Map |
| Ditches                | In and adjacent to all units              | As identified on Contract Area Map |
| Trails                 | Adjacent to Unit 3 and Unit 5             | As identified on Contract Area Map |
| Gates                  | Located on FSR 160 and 160.1C             | As identified on Contract Area Map |

Forest Service shall notify all utility companies, or other parties affected, and make arrangements for all necessary adjustments of the public utility fixtures, pipelines, and other appurtenances likely to be affected by Contractor's Operations.

When Contractor's Operations are adjacent to properties of railway, telephone, or power companies, or other property, work shall not begin until Contractor has identified actions necessary to prevent damage.

Contractor shall cooperate with the owners of any underground or overhead utility lines in their removal and/or rearrangement operations in order that these operations may progress in a reasonable manner, utility duplication or rearrangement work may be reduced to a minimum, and services shall not be unnecessarily interrupted.

In the event of interruption to utility services because of accidental breakage or as a result of lines being exposed or unsupported, Contractor shall promptly notify the proper authority and shall cooperate with that authority in the restoration of service until the service is restored.

When materials are to be hauled across the tracks of any railway, Forest Service will make arrangements with the railroad for the use of any existing crossing or for any new crossing required. Contractor shall make arrangements for use of alternate crossings. All construction work to be performed by Contractor on the railroad right-of-way shall not damage railroad company's property.

## 19. STREAMCOURSE PROTECTION

"Streamcourses" that are subject to provisions of this Section are shown on Contract Area Map. Unless otherwise agreed, the following measures shall be observed to protect Streamcourses:

(a) Contractor's Operations shall be conducted to prevent debris from entering Streamcourses, except as may be authorized under paragraph (d). In event Contractor causes debris to enter Streamcourses in

amounts that may adversely affect the natural flow of the stream, water quality, or fishery resource, Contractor shall remove such debris as soon as practicable, but not to exceed 48 hours, and in an agreed manner that will cause the least disturbance to Streamcourses.

(b) Culverts or bridges shall be required on Temporary Roads at all points where it is necessary to cross Streamcourses. Such facilities shall be of sufficient size and design and installed in a manner to provide unobstructed flow of water and to minimize damage to Streamcourses. Trees or products shall not be otherwise hauled or yarded across Streamcourses unless fully suspended.

(c) Wheeled or track-laying equipment shall not be operated in Streamcourses, except at crossings designated by Forest Service or as essential to construction or removal of culverts and bridges.

(d) Flow in Streamcourses may be temporarily diverted only if such diversion is necessary for Contractor's planned construction and Forest Service gives written authorization. Such flow shall be restored to the natural course as soon as practicable and, in any event, prior to a major storm runoff period or runoff season.

|----------------------------|--------------|
| n/a                        | n/a          |

## 20. PROTECTION OF PROPERTY

In maintenance, construction and reconstruction of roads, Contractor shall not unnecessarily remove, deface, injure, or destroy trees, shrubs, or other natural features, unless specifically authorized. To the extent practicable, Contractor shall confine operations to within the clearing limit or other areas designated in the contract and prevent the depositing of rocks, excavated materials, stumps, or other debris outside these limits. Material that falls outside these limits shall be retrieved, disposed of, or incorporated in the work to the extent practicable and necessary to protect adjacent resource values, unless otherwise agreed.

## 21. AGAR 452.236-70 EMERGENCY RESPONSE, FIRE SUPPRESSION, AND LIABILITY (MAY 2026)

(a) *Contractor's Responsibility for Responding to Emergencies.* When directed by the contracting officer, the Contractor must allow the Government to temporarily use employees and equipment from the work site for emergency work (anticipated to be restricted to firefighting). This is considered to be within the general scope of the contract. An equitable adjustment for the temporary use of employees and equipment will be made under the Contract Terms and Conditions—Commercial Products and Commercial Services Changes clause, FAR 52.243-4.

(b) *Contractor's Responsibility for Fire Fighting.* The Contractor, under the provisions of FAR 52.236-9, Protection of Existing Vegetation, Structures, Equipment, Utilities, and Improvements, must immediately extinguish all fires on the work site other than those fires in use as a part of the work. The Contractor may be held liable for all damages and for all costs incurred by the Government for labor, subsistence, equipment, supplies, and transportation deemed necessary to control or suppress a fire set or caused by the Contractor or the Contractor's agents, subcontractors, or employees subject to the fire classifications listed in subsection (c).

(c) *Fire Suppression Costs.* The Contractor's obligations for cost of fire suppression vary according to three classifications of fires as follows:

(1) *Operations Fire.* An "operations fire" is a fire caused by the Contractor's operations other than a negligent fire. The Contractor agrees to reimburse the Forest Service for such cost for each operations fire, subject to a maximum dollar amount of **\$5,800**. The cost of the Contractor's actions, supplies, and equipment expended or used on suppressing any such fire, or otherwise provided at the request of Forest Service, must be credited toward such maximum. If the Contractor's actual cost exceeds the contractor's maximum obligation stated above, the Forest Service must reimburse the contractor for the excess.

(2) *Negligent Fire.* A "negligent fire" is a fire caused by the negligence or fault of the Contractor's operations including, but not limited to, one caused by smoking by persons engaged in the Contractor's operations during the course of their employment, or during rest or lunch periods; or if the Contractor's failure to comply with requirements under this contract results in a fire starting or permits a fire to spread. Damages and the cost of suppressing negligent fires must be borne by the Contractor.

(3) *Other Fires on Contract Area.* The Forest Service must pay the Contractor, at firefighting rates common in the area or at prior agreed rates, for equipment or personnel furnished by the Contractor at the request of the Forest Service, on any fire on the contract area other than an operations fire or a negligent fire.

(d) *Contractor's Responsibility for Notification in Case of Fire.* The Contractor must immediately notify the Government of any fires sighted on or in the vicinity of the work site.

(e) *Performance by the Contractor.* Where the Contractor's employees, agents, contractors, subcontractors, or their employees or agents perform the Contractor's operations in connection with fire responsibilities, the Contractor's obligations must be the same as if performance was by the Contractor.

(f) *State Law.* The Contractor must not be relieved by the terms of this contract of any liability to the United States for fire suppression costs recovered in an action based on State law, except for such costs resulting from operations fires. Amounts due to the Contractor for firefighting expenditures on operations fires must not be withheld pending settlement of any such claim or action based on State law.

(End of Clause)

## **22. FIRE PRECAUTIONS AND CONTROL**

### **1. Fire Period and Closed Season**

Specific fire prevention measures are listed below and shall be effective for the period April 1 to October 31 of each year. The Forest Service may change the dates of said period by advance written notice if justified by unusual weather or other conditions. Required tools and equipment shall be kept currently in serviceable condition and immediately available for initial attack on fires.

### **2. Fire Plan**

Before starting any operations on the project, the Contractor, Permittee, Licensee, or Purchaser, hereinafter referred to as the "Contractor," shall prepare a fire plan in cooperation with the Contracting Officer providing for the prevention and control of fires in the project area. The Contractor shall certify compliance with fire protection and suppression requirements before beginning operations during the fire period and closed season and shall update such certification when operations change.

### 3. Substitute Measures

The Contracting Officer may by written notice authorize substitute measures or equipment or may waive specific requirements during periods of low fire danger.

### 4. Emergency Measures

The Forest Service may require emergency measures, including the necessary shutting down of equipment or portions of operations in the project area during periods of fire emergency created by hazardous climatic conditions.

### 5. Fire Control

The Contractor shall, independently and in cooperation with the Forest Service, take all reasonable action to prevent and suppress fires in the project area. Independent initial action shall be prompt and shall include the use of all personnel and equipment available in the project area. For the purpose of fighting forest fires on, or in the vicinity of the project which are not caused by the Contractor's operations, the Contractor shall place employees and equipment temporarily at the disposal of the Forest Service. Any individual hired by the Forest Service will be employed in accordance with the Interagency Pay Plan for Emergency Firefighters. The Forest Service will compensate the Contractor for equipment rented at firefighting equipment rates common in the area, or at prior agreed to rates.

### 6. Compliance with State Forest Laws

Listing of specific fire precautionary measures herein is not intended to relieve the Contractor in any way from compliance with the State Fire Laws covering fire prevention and suppression equipment, applicable to operations under this contract, permit or license.

### 7. Specified Fire Precautions and Emergency Precautions

Specific requirements defined within Appendix B- C7.2#.

## **23. LIST OF ATTACHMENTS**

The following attachments are made a part of this solicitation and any resultant contract.

| <b>Title</b>                                                                       | <b>Pages</b> |

**END OF ADDENDUM TO FAR 52-212-4**

#### **24. FAR 52.212-1 INSTRUCTIONS TO OFFERORS— COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (NOV 2025)**

(a) *Submission of offers.* Submit signed and dated offers to the office specified in this solicitation at or before the exact time specified in this solicitation. As a minimum, offers shall include—

- (1) The solicitation number;
- (2) The name, address, telephone number of the Offeror;
- (3) The Offeror's Unique Entity Identifier (UEI) and, if applicable, Electronic Funds Transfer (EFT) indicator;
- (4) Information necessary to evaluate the factors contained in the provision at 52.212-2 as described in the addenda;
- (5) Responses to provisions that require Offeror completion of information, representations, and certifications (other than those collected via the System for Award Management (SAM)); and
- (6) A statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation and any solicitation amendments.

(b) *Period for acceptance of offers.* The Offeror agrees to hold the prices in its offer firm for 60 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

(c) *Late submissions, modifications, revisions, and withdrawals of offers.*

- (1) Offerors are responsible for submitting offers and any modifications or revisions to the Government office designated in the solicitation by the time specified in the solicitation.
- (2) Any offer, modification, or revision received after the time specified for receipt of offers is "late" and will not be considered unless it is received before award is made and the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition. However, a late modification of an otherwise successful offer that makes its terms more favorable to the Government will be considered at any time it is received and may be accepted.
- (3) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.
- (4) Offerors may withdraw their offers by written notice to the Government received at any time before award.

(d) *Contract award (not applicable to Invitation for Bids).* **The Government intends to evaluate offers and award a contract without discussions with Offerors. Therefore, the Offeror's initial offer should contain the Offeror's best terms.** However, the Government reserves the right to conduct discussions, if necessary. The Government may reject any or all offers if such action is in the public interest, accept other than the lowest offer, and waive informalities and minor irregularities in offers received.

(e) *Debriefings.* If a postaward debriefing is given to requesting Offerors, the Government will disclose the following information, if applicable:

- (1) The agency's evaluation of the significant weak or deficient factors in the debriefed Offeror's offer.
- (2) The overall evaluated cost or price and technical rating of the successful Offeror and the debriefed Offeror and past performance information on the debriefed Offeror.
- (3) The overall ranking of all Offerors when any ranking was developed by the agency during source selection.
- (4) A summary of the rationale for award.
- (5) For acquisitions of commercial products, the make and model of the product to be delivered by the successful Offeror.
- (6) Reasonable responses to relevant questions posed by the debriefed Offeror as to whether the agency followed source-selection procedures set forth in the solicitation, applicable regulations, and other applicable authorities.

***ADDENDUM TO FAR 52.212-1: The word quote or quoter is substituted in provision 52.212-1 for the word offer or offeror.***

(End of provision)

## **25. INSTRUCTIONS FOR SUBMISSION OF OFFERS AND OTHER INFORMATION**

**(a) General Instructions** – Proposals submitted in response to this solicitation shall be furnished in the following format:

- (1) Proposals shall be submitted as two separate documents - a technical proposal **and** a price proposal. Each part shall be separate and complete so that evaluation of one may be accomplished independently of the other. The price proposal shall be submitted with the solicitation forms, no breakdown of the unit price is required. The technical proposal must not contain reference to cost.
- (2) Offerors are cautioned that sufficient and detailed information must be presented in their technical proposals to enable the Government to evaluate their proposals fully in accordance with the evaluation and award criteria contained herein. **The Government is not obligated to ask for additional information and in the absence of appropriate information, the proposal will be rated deficient.**
- (3) Offerors may, at their discretion, submit alternate proposals or proposals which deviate from the requirement, provided that an offeror also submit a proposal for performance of the work as specified in this solicitation. Any "alternate" proposal may be considered if overall performance would be improved or not compromised, and if it is in the best interest of the Government. Alternate proposals, or deviations from any requirement of this RFQ, must be clearly identified.
- (4) The Government will evaluate proposals in accordance with FAR Clause 52.212-2 "Evaluation – Commercial Products and Commercial Services (NOV 2025)" evaluation criteria as set forth herein.
- (5) Offerors shall submit their proposal(s) **electronically** to the Issuing Office in the following format:
  - (i) **Completed, signed quote (SF-1449 (page 1) with blocks 17a and 30a-c completed). Completed Schedule of Items for all Mandatory Work Items and the Timber Product Removal Price Schedule. Respondents shall also complete and return certification entitled "Employment of Eligible Workers – Workforce Certification" below and acknowledge all material amendments issued during the solicitation period.**

(ii) Technical Proposal responsive to all Evaluation Criteria: Technical Approach, Relevant Past Performance and Benefit to the Local Community information.

(iii) Responses to Evaluation Criteria excepting Relevant Past Performance will be incorporated into the resulting contract at time of award and shall become material contract requirements.

**(b) Technical Proposal** – The technical proposal must present sufficient information to reflect a thorough understanding of the requirements and a detailed description of the organization, techniques, and procedures for achieving the objectives of the specifications and the project. Proposals that merely paraphrase the requirements of the Government's specifications or use such phrases as "will comply" or "standard techniques will be employed" will be considered unacceptable and will not be considered further.

**As a minimum, the proposal must clearly provide the following:**

**1. Technical Approach**

**Work Activity Plan.** Clearly describe how you and/or your subcontractors will meet both the project objectives and minimize resource damage. Include an explanation about how you have determined this approach, and what coordination will occur between the various operations. Please limit your description to 2 pages.

**Method.** Describe the method or combination of methods you plan to utilize to accomplish the Mandatory Work Items and any of the Optional Work Items that you anticipate necessary, dependent on your operations. Please limit this narrative to 4 pages. Include responses to each of these end results, specifications, and objectives:

1. How your operations will limit soil disturbance to no more than 20% in all units.
2. How your operations will implement and accomplish the Designation by Description treatments (consider equipment, need for marking, etc.).
3. How your operations will masticate all trees < 5.0 inches DBH.

**Equipment.** Describe the equipment you will use to accomplish the Mandatory Work Items and the Optional Work Items that will be necessary dependent on your operations. Include make and model of proposed equipment. Please limit this information to 1 page.

**Key Personnel.** List the names and proposed duties of key personnel who will be assigned to the various work items of the project including the overall Project Manager, Logging Supervisor, Supervisor, and individual sub-managers (such as individuals supervising sub-contractors). Limit this response to no more than 1 page.

**Timing.** Provide a general plan for the sequence of work, including an estimated start date and completion date for both the Mandatory and Optional work items. Please limit this information to no more than 1 page.

**NOTE:** *This is NOT a request for a detailed operations plan. After award and prior to start of work, the Contractor must submit an Operating Schedule (include start dates, units and work items, haul dates, etc.)*

## **2. Relevant Past Performance**

The technical proposal must address past performance for both the Offeror and any proposed major subcontractors. OFFERORS SHOULD PROVIDE ONLY THE INFORMATION LISTED BELOW. Performance information will be requested from references provided and other known clients. Please limit your response to no more than 3 pages.

- (a) Submit a list of similar project work that has been completed by your firm or any of your proposed subcontractors in the last 3 years. Experience with implementation and successful accomplishment of DxD treatments should be noted, and within the past **5** years. Address past work specifically related to all of the work items shown in the Schedule of Supplies/Services of the SF-1449 in this solicitation. Please provide:
  - a. Names, addresses, telephone numbers and FAX numbers of principal officials in charge of the project who are familiar with your performance.
  - b. A description of the work performance.
  - c. The agency/company or individuals you worked for.
  - d. The size (value and acreage) and location of the contracts.
  - e. Contract numbers.

## **3. Benefit to Local Community**

Explain how you will recruit and utilize labor, subcontractors, and other workforces from those counties adjacent to the Arapaho National Forest.

(a) Describe how and to what degree hiring or training of local residents as employees or as subcontractors would be accomplished in terms of retention, expansion, or creation of employment or training opportunities.

(b) Describe how and to what degree materials, supplies, lodging, meals, or incidentals would be purchased within project areas.

(c) Describe how any materials removed from Forest Service lands would be marketed and utilized in the project area. Include contributions to the development of biomass energy, integrated utilization, and/or value-added products for an existing market or emerging market. (if applicable)

## **4. Cost/Price**

A firm's completion and submission of a unit price and total amount beginning on page 2 of the subject solicitation's Schedule of Items constitutes the fulfillment of the Government's price proposal requirements under this solicitation.

## **26. INQUIRIES**

Inquiries and all correspondence concerning this solicitation should be submitted in writing to the Contracting Officer. Offerors should contact only the Contracting Officer about any aspect of this requirement prior to contract award.

## **27. FAR 52.212-2 EVALUATION—COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (NOV 2021)**

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate offers:

The offeror's proposal shall be in the format prescribed and shall contain a response to each of the areas identified, which affects the evaluation factors for award. The Government will determine best overall value on the basis of the factors described below.

**GENERAL:** Proposals will be evaluated on the basis that the following technical factors are in descending order of importance whereby each factor is more important than the next:

1. Technical Approach being significantly more important than
2. Relevant Past Performance being significantly more important than
3. Utilization of Local Work Forces/Benefit to Local Community.

(a) **TECHNICAL CRITERIA.** The technical proposals will be evaluated and ranked according to the following criteria.

### 1. Technical Approach

This will address the Work Activity Plan, Method, Equipment, Key Personnel, and Timing factors. Proposals will be evaluated on how well proposed operations will be able to accomplish the project objectives (fuels reduction and resource protection) and the stewardship goal (ecosystem restoration) of the project.

- How the Designation by Species and Diameter is proposed to be implemented, considering equipment, need for marking, etc.
- How well proposed operations will meet safety considerations?
- How logical and reasonable the proposed sequence and schedule of operations fits the proposed timeframes and what degree, if any, shorter time frames are proposed.
- How experienced are key personnel in the work they will be performing?
- How suitable is the equipment and is it adequate to be used on this contract?
- How well the proposed schedule addresses the treatment of included timber (and biomass material, if applicable), from cutting to the removal from Forest Service land?
- What method will be utilized to remove all products harvested and what market(s) it will be provided to.
- How quality assurance will be monitored and documented for each bid item.

### 2. Relevant Past Performance

The Government will consider the relevance of past performance information obtained in relation to the scope of this RFP with respect to both similar efforts, and the length and scope, number, complexity, and diversity of contracts completed by the offeror. Past performance, either positive or negative, which is considered by the Government to be more closely related to the scope of this project will be given additional weight in the evaluation process.

Offerors will be evaluated on their past performance of similar type contracts performed within the last three years (5 years for DxD/DxP treatments, if any) in accordance with the following subfactors:

- a. Quality of services – Demonstrated ability to perform services in accordance with contract requirements.
- b. Customer satisfaction – Satisfaction of end users with the contractor's completed products and services.

- c. Timeliness of performance – Compliance with schedules; reliability; responsiveness to technical direction; responsiveness to exchange of documents; and no assessment of damages.
- d. Business management – Demonstrated ability to manage projects of this nature and involving subcontracts; working relationships with the Contracting Officer and technical representatives; flexibility; effective contractor recommended solutions; and businesslike concern for Government's interests.
- e. Financial Responsibility – Demonstrated ability in providing current, accurate, and complete billings.

Past performance by key subcontractors and predecessor firms will be considered in the offeror's past performance. However, the offeror's performance under its current business structure will be considered more relevant than performance by predecessor companies, subcontractors, or individual employees.

Government evaluators may avail themselves of various federal, state, and local past performance databases. The Government may research offeror performance on any federal, state, local, and commercial contract performance of the offeror that is known to the Government, but not included on the submitted performance information. Additionally, the personal experience and evaluator knowledge of offeror performance may be utilized.

The Government will consider the relevance of past performance information obtained in relation to the scope of this procurement with respect to both similar efforts, and the length, scope, number, complexity, and diversity of contracts completed by the firm. Past performance, either positive or negative, which is considered by the Government to be more closely related to the scope of this effort will be given additional weight in the evaluation process.

Offerors with past performance data will be evaluated in the same manner as all other evaluation factors; however, those offerors with no past performance data will be treated as an unknown performance risk and neither be evaluated favorably nor unfavorably. Therefore, offerors will receive credit for good past performance, lose credit for poor past performance, and neither receive nor lose credit for no relevant past performance.

### **3. Benefit to the Local Community**

The Government will evaluate the methods proposed by each contractor for benefiting the local community. The evaluation will include a determination as to how realistic and achievable the proposed methods are with added consideration for the impact and magnitude to which the local community will benefit from their operations including:

- (a) How and to what degree hiring or training of local residents as employees or as subcontractors will be accomplished in terms of retention, expansion, or creation of employment or training opportunities.
- (b) How and to what degree materials, supplies, lodging, meals, or incidentals will be purchased within project areas.
- (c) How any materials removed from Forest Service lands will be marketed and utilized in the project area. Including contributions to the development of biomass energy, integrated utilization, and/or value-added products for an existing market or emerging market. (if applicable)

Ratings for employment or utilization of local workforce/benefit to the Local Community will be evaluated as follows

#### 4. Cost/Price Evaluation Criterion

A. The degree of importance of the price will increase with the degree of equality of the proposals in relation to the other factors on which selection is to be based, or when the price is so significantly high as to diminish the value of the technical superiority to the Government.

B. The Government may award a contract on the basis of initial offers received, without discussions. Therefore, each initial offer should contain the offeror's best terms from a cost or price and technical standpoint. However, if considered necessary by the Contracting Officer, discussions will be conducted with only those offerors determined to have a reasonable chance for award.

A. The Government reserves the right to make an award to other than the lowest priced offeror or to the offeror with the highest non-price evaluation if the Contracting Officer determines that to do so would result in the greatest value to the Government.

D. All pay items on the Schedule of Items must be priced in order to be considered for award.

(a) **OPTIONS:** The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(b) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award. **The award will incorporate written information provided by the offeror(s) and utilized by the Government as the basis for award selection.**

#### **28. FAR 52.212-3 OFFEROR REPRESENTATIONS AND CERTIFICATIONS – COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (MAY 2024)**

[If Offeror Representations and Certifications are not complete in SAM the offeror shall submit a completed copy of the provision at FAR 52.212-3, Offeror Representations and Certifications-Commercial Products and Commercial Services, with your offer. The full provision is available from <https://www.acquisition.gov/far/>.

If Offeror Representations and Certifications are complete in SAM, the offeror shall complete the following:]

(b)(1) *Annual Representations and Certifications.* Any changes provided by the Offeror in paragraph (b)(2) of this provision do not automatically change the representations and certifications in SAM.

(2) The offeror has completed the annual representations and certifications electronically in SAM accessed through <http://www.sam.gov>. After reviewing SAM information, the Offeror verifies by submission of this offer that the representations and certifications currently posted electronically at [FAR 52.212-3](#), Offeror Representations and Certifications-Commercial Products and Commercial Services, have been entered or updated in the last 12 months, are current, accurate, complete, and applicable to this solicitation (including the business size standard(s) applicable to the NAICS code(s) referenced for this solicitation), at the time this offer is submitted and are incorporated in this offer by reference (see [FAR 4.1201](#)), except for paragraphs                     .

[Offeror to identify the applicable paragraphs at (c) through (v) of this provision that the offeror has completed for the purposes of this solicitation only, if any. Write "None" if there are no changes needed to your online reps and certs.

*These amended representation(s) and/or certification(s) are also incorporated in this offer and are current, accurate, and complete as of the date of this offer.*

*Any changes provided by the offeror are applicable to this solicitation only, and do not result in an update to the representations and certifications posted electronically on SAM.]*

(End of Clause)

## 29. EMPLOYMENT OF ELIGIBLE WORKERS - WORKFORCE CERTIFICATION

Contractors are required to provide certification under this solicitation in compliance with the Migrant and Seasonal Agricultural Workers Protection Act (MSPA) and Farm Labor Contractor (FLC) Certificate of Registration requirements describing the workforce they will utilize to fulfill the contract requirements under this solicitation and any resulting contract. If the Contractor will supply workers under the H-2B Program, the Contractor is required to provide a copy of the Temporary Employment Certificate issued by DOL.

Subcontractors are bound by the same requirements for licenses and permits under this contract. If a Prime Contractor identifies a Subcontractor as part of their workforce to accomplish the work under this solicitation, the Prime Contractor shall submit the Subcontractor's signed certification with their response to the solicitation.

- ☐ H-2B Workers: (<https://www.dol.gov/agencies/eta/foreign-labor>)
- ☐ Company certifies it will not be utilizing H2B Workers under any resulting contract of this solicitation.
- ☐ Company will be utilizing H2B Workers (under any resulting contract of this solicitation. Provide a copy of Temporary Employment Certificate.) MSPA Workers: (<https://www.dol.gov/agencies/whd/agriculture/mspa>).
- ☐ Company certifies it will not be utilizing MSPA workers under any resulting contract of this solicitation.
- ☐ Certifies has valid FLC certificate of registration. (Attach a copy of current certification.) Authorization includes:
  - ☐ Transporting workers
  - ☐ Driving
  - ☐ Housing workers
- ☐ Company has applied for a Certificate of Registration on \_\_\_\_\_.

Contractors not currently having obtained a certificate (for each partner if partnership) will be requested to furnish proof of having obtained a Certificate of Registration prior to award of contract. If the contractor does not provide the required Certificate in a reasonable timeframe, the contractor will not be eligible for the contract award. Partnerships must furnish proof of registration of their assumed business name, if any, with the State of registration.

State of \_\_\_\_\_ No. \_\_\_\_\_

Information about licensing requirements and procedures may be obtained from the following:

I, on behalf of said Company, certify to the above responses.

**30. 452.203-70 Anti-Discrimination and Diversity, Equity, and Inclusion (DEI) Certification (Dec 2025)**

(a) By submission of its offer, the offeror certifies that:

1. It is compliant with all applicable Federal anti-discrimination laws and the Equal Protection principles of the U.S. Constitution.
2. Neither it nor any proposed subcontractor or teaming partner operates or funds any program, policy, or initiative that promotes DEI in a manner that violates any applicable Federal anti-discrimination laws, including but not limited to Title VI and VII of the Civil Rights Act of 1964, or the Equal Protection principles of the U.S. Constitution.

(b) If the offeror participates in, facilitates, or funds programs that implicate Title VI of the Civil Rights Act of 1964 or Title IX of the Education Amendments of 1972, as amended, including but not limited to grants to or for schools, colleges, universities, 4-H programs, non-governmental organization (NGO) programs, sports programs, and education-related grants to prisons or other detention facilities, by submission of its offer, the offeror certifies that it is compliant with those laws, including the requirements set forth in Executive Order 14168, Defending Women from Gender Ideology Extremism and Restoring Biological Truth to the Federal Government, and Executive Order 14173, Ending Illegal Discrimination and Restoring Merit-Based Opportunity.

(c) The offeror affirms that the above requirements are conditions of payment that go to the essence of the contract and are therefore material terms of the contract. Payments under the contract are predicated on compliance with the above requirements, and therefore the offeror will not be eligible for funding under the contract or to retain any funding under the contract absent compliance with the above requirements.

(d) This certification reflects a change in the Government's position regarding the materiality of the foregoing requirements and therefore any prior payment of similar claims does not reflect the materiality of the foregoing requirements to this contract.

(e) Submission of a knowing false statement relating to offeror's compliance with the above requirements and/or eligibility for the contract may subject the offeror to liability under the False Claims Act, 31 U.S.C. § 3729, and/or criminal liability, including under 18 U.S.C. §§ 287 and 1001.

(f) Failure on the part of the offeror or its subcontractors to comply with the terms of this clause may be grounds for the Contracting Officer to terminate the contract for default.

(End of Provision)
