COLORADO CONTRACTORS ASSOCIATION

BRINGING INFRASTRUCTURE TO LIFE

MEMBER BRIEFING ON 2027 CIVIL PROJECTS

Northwest Colorado

October 29, 2026 – 10:00

Community Center, 124 10th Street, Steamboat Springs

AGENDA

1. Welcoming Remarks & Industry Updates
    a. WCCA
    b. CCA
        i Transportation Funding
        ii ICE Awards Nominations – see QR Code at bottom
2. Cities-Counties-Agencies and Anticipated Speakers (Actual Presentation Order May Vary)
    a. Routt County
        i City of Steamboat Springs Public Works – Jia Carroll
        ii City of Steamboat Springs Parks & Rec
        iii Town of Hayden – Bryan Richards
    b. CDOT Region 3
        i Mountain Residency – Grant Anderson (written report)
        ii Craig Residency – Justin Kuhn (written report)
    c. Miss anyone?
3. Other Issues / Announcements / Information
    a. Grant pursuit information
4. Adjourn

5th Annual ICE Awards

City of Steamboat Springs – Public Works 2027 Projects

Project:	Pine Grove Road – Phase 2
Limits:	From Central Park Drive to Mount Werner Road
Estimate:	$3.0M - $4.0M
Scope:	Full depth reconstruction of an 1,800' long existing collector road approximately 50' in width. Construction will be performed under a full road closure in 2027. The project will also include sidewalks, minor intersection improvements, and drainage improvements.

Project:	Trenchless Pipe Rehabilitation
Limits:	TBD
Estimate:	$300k - $400k
Scope:	Slip line existing stormwater culverts to improve structural integrity and extend lifespans

Project:	Complete Streets - Segment 1B Walmart Sidewalk
Limits:	Along US40 westbound on-ramp, behind Walmart
Estimate:	$350k - $400k
Scope:	Construct 540' of sidewalk connecting two current dead-end segments.

Project:	Emerald Park Interceptor Replacement
Limits:	From the Yampa River near Trafalgar Drive, through Emerald Park, to Fish Creek Mobile Home Park.
Estimate:	$1M - $1.5M
Scope:	Replace approximately 2,066 LF of sanitary sewer interceptor from the Fish Creek Mobile Home Park through Emerald Park.

Commented [JS1]: This name keeps confusing people, so I think we need to start calling the project something else.

Project:	Willet Heights Pump Station
Estimate:	$9M - $10M
Scope:	Full replacement of the Willett Heights Pump Station adjacent to the existing facility. The proposed facility will include a battery of new pumps, VFDs, electrical, controls, HVAC, standby generator with an automatic transfer switch, and a bypass to allow for the pump station to be taken offline for short periods of time for maintenance without interrupting water service to area customers.

Project:	Soda Ridge Way Watermain Replacement and Extension
Estimate:	$500K - $800K
Scope:	Full replacement of existing watermain and extension of watermain to create a looped connection to improve water quality.

Project:	PRV Replacements
Estimate:	$250-350k
Scope:	Full replacement and relocation of 3 existing PRVs on Cherry Drive, Anglers Court, and Tamarack Drive at Hilltop Parkway. Install new vaults, PRVs, and associated pipe work. Full abandonment of existing PRVs and vaults.

Project: Airfield Pavement Maintenance
Estimate: $300k - $350k
Scope: Runway and taxiways crack seal and seal coat at Bob Adams Field.

Commented [JS2]: ...because some people will get it mixed up with YVRA

City of Steamboat Springs – P&R 2027 Projects

Project:	Bear River Park Phase 2 – Infrastructure Construction
Limits:	Bear River Park: 1834 Lagoon Ct.
Estimate:	$4-5M
Scope:	This phase will include all infrastructure construction of Bear River Park, including water & wastewater, earth work & site prep, secondary fire access, additional parking installation, Core Trail extension & loop, trailered river access & boat parking, overlook, etc.

Project:	HH Water Right/Pump Station Improvements: Civil Construction
Limits:	Howelsen Park: 845 Howelsen Parkway
Estimate:	$1.3-1.8M
Scope:	This phase of construction will include all civil work to support the new mechanical improvements to the snowmaking system. This work will also include new in-river channel work, intake structure, and suction and pressure lines.

Project:	Pedestrian Trail Bridge Decking: Indian Meadows North
Limits:	Behind Indian Meadows Townhomes: access points at Chinook Lane & Ingles Lane
Estimate:	$160,000
Scope:	This project will include installation of new wooden decking, refinishing the steel structure, concrete repair to level the bridge to the trail concrete, and any additional repairs that may be needed.

Project:	Emerald Park Pumphouse Improvements
Limits:	Emerald Park: 500 Pamela Lane (off Core Trail)
Estimate:	$700,000
Scope:	This project will include replacement of the existing Emerald Park raw water pumphouse, wet well, intake structure, and intake piping.

Project:	West Acres Playground Replacement
Limits:	West Acres Drive
Estimate:	$600,000
Scope:	This project will include full removal and redesign of the playground at West Acres, reconstruction of ADA-compliant access, including pathways and the associated trail system, installation of updated pour-and-play surfacing, and potential reconfiguration of site layout to meet modern accessibility, drainage, and safety requirements.

Project:	West Acres Fence
Limits:	Gossard Parkway
Estimate:	$300,000
Scope:	This project will include full removal of the existing damaged fence, installation of improved foundations and supports, and construction of a code-compliant, solid 5-6-foot fence along the entire required length.

Hayden
COLORADO

Hayden Center Geothermal

The Town will install a geothermal ground source heat pump system at the Hayden Community Center, with geothermal VRF units replacing the existing HVAC system. The project is funded in part by a Colorado Energy Office Large Building Decarbonization Showcase grant.

Anticipated Bid Close: April 2027
Construction: 2027 to 2028, completion required by September 2028

Skate Park Expansion

Expansion of the existing skate park onto the undeveloped south parcel, including pump track and bathroom.

Anticipated Bid Close: February 2027
Construction: June 30th, 2027

Poplar Street Culvert Replacement

Replace a 48 inch CMP culvert under South Poplar Street east of Harvest Drive with three 36 inch HDPE pipes. The work also regrades the channel upstream of the crossing and the channel downstream to the Walker Ditch.

Anticipated Bid Close: March 2027
Construction: Summer/fall 2027

2027 Mill and Overlay

Approximately 5,230 SY of mill and overlay on Poplar Street and other locations.

Anticipated Bid Close: March 2027
Construction: Summer 2027

135 Walnut

The Town will build a new mixed use building on its downtown lot at 135 S. Walnut Street. The building is planned to hold business incubator and community office space on the main floor, with residential units above. The project is currently in design.

Anticipated Bid Close: March 2027
Construction: Summer 2027

Note: All projects are advertised on Bidnet. Projects are subject to final budget approval and bid dates are TBD.

DBE Final Rule Webinar

Important Changes Every Applicant Needs to Know

New federal rules have significantly changed the Disadvantaged Business Enterprise (DBE) Program. Join the Colorado Unified Certification Program (UCP) for an informational webinar explaining details about the new DBE Final Rule enacted on September 25, 2026 and what it means for businesses seeking or maintaining DBE certification.

Thursday, November 5
2pm - 3pm
Virtual

REGISTER

---- Topics ----

- Key changes to DBE certification requirements in the Final Rule
- New requirements for demonstrating social and economic disadvantage
- What applicants need to know about preparing a Personal Narrative
- What you need to do if you already submitted your Personal Narrative
- New deadline for submitting reevaluation applications
- What currently certified DBE firms need to do to maintain their certification
- Answers to frequently asked questions about the new requirements
